Spoooner Defends the Senate.

New York, April 11.—Senator Spooner in an address before the Wisconsin society at that body's annual banquet, defended the United States senate, praised the work of that body as shown by the history of the country, sounded the loudest of praises for our national Constitution as a marvel of human wisdom and foresight, and declared his undying faith in the future of the American nation and people.

SQUANDERED THE MONEY

Charges Made Against Directors of a Banking Company.

Boston, April 11.—That more than \$200,000 paid into the defunct Provident Securities and Banking company was squandered by the directors of the company and that less than \$5,000 remains, is the allegation of the receivers of the company who filed a report in the supreme judicial court. The receivers ask the court to approve a bill in equity against six Massachusetts directors of the company to recover losses sustained by the depositors. Of the six other directors, five are beyond the jurisdiction of the state, while one of them is dead. The bill in equity is against Sidney M. Hedges, William M. Brigham, George W. Saul, George H. Swzzy, C. Burton Cotting and Henry F. Mayer. The receivers charge that \$243,462, of which \$186,765 was paid in by depositors, was "wasted, squandered and lost" by the directors. The receivers state that the assets are less than \$5,000 and that the liabilities amount to \$268,831.

PAYS A HEAVY FINE.

James Gordon Bennett's Paper Used Mails for Improper Purposes.

New York, April 11.—Judge Hough in the criminal branch of the United States circuit court imposed fines aggregating \$31,000 against the New York Herald Publishing company, James Gordon Bennett, its proprietor, and Manley W. Gillam, the advertising manager. Mr. Bennett appeared in person. The fines, which were immediately paid, were imposed as a result of pleas of guilty interposed to indictments charging employment of the United States mails for improper purposes.

Drouth Kills Cuban Cattle.

Havana, April 11.—The rural guard report the death of hundreds of cattle throughout the island as a result of the continued drouth. Cuba has not had a good rain since the October cyclone and the crops are suffering greatly.

RATE BILL REFERRED

Senate Sends Measure to the Railroad Committee.

ROOSEVELT AND HIS POLICY

House Passes a Resolution Endorsing the President and Commending His Efforts to Regulate Railroad Traffic and Suppress Lawlessness.

St. Paul, April 11.—When the bill passed by the house Tuesday containing a schedule of commodity rates somewhat higher than those contained in the order of the railroad and warehouse commission of a few months ago and now tied up in litigation reached the senate a motion to suspend the rules and pass the bill was made by Senator F. H. Peterson of Moorhead, but after some debate the bill was sent to the railroad committee to be printed and reported back not later than Friday.

An additional appropriation of \$40,000 for legislative expenses for the session is provided for in a bill introduced by Senator F. H. Peterson of Moorhead. This makes the total appropriation for this purpose this session \$190,000, a bill containing an appropriation of \$150,000 having been introduced the first day of the session.

The senate passed the bill providing for summer sessions at the normal schools and appropriating \$30,000 for this purpose. The bill was slightly amended in the house and these amendments were approved by the senate.

The senate spent considerable time considering primary election bills and Senator McColl's bill providing for the selection of a candidate for United States senator from this state by direct vote of the people.

Anti-Cigarette Bill Killed.

The senate killed the Sundberg anti-cigarette bill by a vote of 31 yeas and 21 nays, the affirmative vote being just one vote short of a majority. The bill prohibited the manufacture, sale or giving away of cigarettes and cigarette papers within the state, and exempted jobbers doing an interstate business from the provisions of the act.

The prevention of the sale of milk or cream or any other products of milk of tuberculous cows, is the object of a bill introduced by Senator J. W. Wright of Litchfield. The bill provides that before any person owning cows shall sell the milk, he shall have them tested for tuberculosis by the tuberculin test, by some licensed graduate veterinarian. The veterinarian making the test shall certify the results to the live stock sanitary board and if no traces of disease are disclosed by the test, copies of the certificate shall be filed with the local board of health. If the test discloses a trace of disease the veterinarian must report the same to the live stock sanitary board.

Senator W. W. Dunn's bill providing for the election by all political parties of delegates to county conventions which are held for the purpose of electing delegates to state conventions was passed.

The bill prohibiting the sale of liquors and cigarettes within one mile of the state agricultural college, introduced by Representative N. J. Holmberg of Renville, was passed in the house.

The house passed forty-six bills. Among the bills passed was the Ramsey county bill authorizing St. Paul to issue \$1,000,000 bonds for capital approaches.

A resolution ordering the state railroad commission to inquire into the freight rates in force on the ore-carrying roads in this state was passed in the house.

President Roosevelt Endorsed.

C. J. Swendsen of St. James offered a resolution in the house commending the efforts of President Roosevelt to regulate the railroad traffic and requesting the senators and representatives in congress to assist the president in insuring a square deal to all. The resolution was adopted in the house by a rising vote, though not a unanimous vote. The resolution follows:

"Whereas, The public press of the nation has been and is teeming with personal, infamous and virulent attacks made by E. H. Harriman and his crowd, instituted for the purpose of casting slurs and insinuations reflecting upon the veracity of our president, Theodore Roosevelt, thereby seeking to imperil the integrity of the nation; "Therefore, Be it resolved, by the house of representatives, the senate concurring, that we heartily commend the heroic efforts being put forth by our president in his endeavor to regulate the railroad traffic and suppress the lawlessness with which it abounds, thereby emulating the immortal Washington, who said 'Eternal vigilance is the salvation of the nation.'"

"Resolved, further, That we respectfully request our senators and representatives in congress to assist our president in passing laws to effi-

ON LABELING OF WHISKEY

Attorney General Bonaparte Renders an Opinion.

Washington, April 11.—The long expected opinion of Attorney General Bonaparte concerning the proper labeling of whiskey under the new pure food law has been made public at the White House. Its purpose is briefly told in the following letter addressed by the president to the secretary of agriculture:

"In accordance with your suggestion I have submitted the matter concerning the proper labeling of whiskey under the pure food law to the department of justice. I enclose the attorney general's opinion. I agree with this opinion and direct that action be taken in accordance with it.

"Straight whiskey will be labeled as such.

"A mixture of two or more straight whiskeys will be labeled as blended whiskey or whiskies.

"A mixture of straight whiskey and ethyl alcohol, provided that there is a sufficient amount of straight whiskey to make it genuinely a 'mixture,' will be labeled as compound, or, compounded with, pure grain distillate.

"Imitation whiskey will be labeled as such."

The attorney general's opinion as to the proper construction to be placed on the law has been awaited with great interest by distillers and rectifiers. Before the question was sent to the department of justice, it was thoroughly investigated by the department of agriculture.

The issue arose in connection with the labeling of the different kinds of spirits, claimed by their manufacturers or proprietors to be entitled to the name of "whiskey" with or without qualifying words.

Spanish-American Yacht Races.

Boston, April 10.—Henry Howard, manager of the German cup races of the Eastern Yacht club, has been notified by cable that King Alfonso of Spain had offered a cup for a series of Spanish-American yacht races to be held in Spain next fall. The invitation will be accepted.

DARED FOR HIS RELATIVES

Binger Hermann Gave Six of Them Positions.

Washington, April 11.—The principal developments in the cross-examination of Binger Hermann were his admissions that while he was commissioner of the general land office he gave positions to six relatives. Reference was again made to the "tip" which Mr. Hermann is alleged to have given F. P. Mays regarding the Blue mountain forest reserve, but Mr. Hermann, while admitting that he dictated the telegram, could not remember its details. It was also brought out that the defendant had received a part of the government compensation of his brother as payment on a mortgage and that he received some of the compensation of Cy L. Miller, a son-in-law, but declared that it was in payment for advances he had made Miller.

Mr. Hermann admitted that he had some aspirations to become United States senator in the spring of 1903 but denied that it was his plan to have his resignation as commissioner of the land office held up until after the senatorial election.

A special report from the various land offices in the West intended to show the prevalence of fraud in timber and stone entries was made the basis of a question asked Mr. Hermann to show that he had this report made to warn friends in the West that an investigation was to be put on foot by the government. This Mr. Hermann would not admit.

BOUND FOR CHICAGO.

Alleged Murderer of Mrs. Gentry Leaves New York City.

New York, April 11.—Frank Constantine, Jr., who was arrested in Brooklyn charged with the murder of Mrs. A. W. Gentry in Chicago, has started for the West in the custody of Assistant Superintendent of Police Schuettler of Chicago. As all the legal formalities had been complied with, he had no difficulty in obtaining custody of the prisoner.

Killed in Runaway.

Minneapolis, April 11.—With his wife as the sole witness of the accident, George H. Partridge, a dairyman living near New Brighton, was instantly killed in a runaway accident on Nineteenth avenue north. Partridge's horses became frightened as the team, attached to a heavy farm wagon, was going down the steep hill near the Hillside cemetery, and in the runaway that followed Partridge was thrown out and both wheels passed over his head, crushing the skull and causing almost instant death.

Underground For Tokyo. There is to be an underground railway across busy, crowded Tokyo. The distance is to be twelve miles, and the cost of construction will not be less than \$625,000 a mile. The railway company will have \$37,500,000 capital. A uniform fare of 2½ cents will produce a dividend of 8 per cent for the shareholders. The Electric Traction company of Tokyo plans to add sixty miles to its system.

Reduce Your Fat

Rengo Rapidly Reduces Excess Fat Without the Aid of Tiresome Exercises or Starvation Diet.

COSTS NOTHING TO TRY.

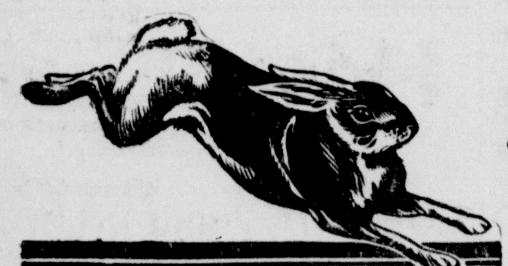

Rengo will reduce excess fat and build up the strength and health of anyone who eats it regularly for a short time. It is a product of nature, delicious to the taste and safe and harmless in all its properties. It will not injure the digestive organs, as so many drugs and medicines do. Rengo will positively reduce surplus fat rapidly and do so without harm to the subject. It is very palatable and pleasant to eat. It is prepared in a highly concentrated form and is convenient to carry in the pocket so one can have it with him at all times. Rengo requires no exhausting exercises or starvation dieting to help it out, as so many of the so-called fat remedies do, you can

go right ahead and attend to your regular daily duties. It compels proper assimilation of the food and sends the food nutriment into the muscles, bones and nerves and builds them up instead of piling it up in the form of excess fat. There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid, by the Rengo Co., 3070 Rengo Bldg., Detroit, Mich. If you prefer, they will gladly send you a trial package free by mail. For sale and recommended in Brainerd by H. P. Dunn & Co., Druggists.

THE removal by death of H. P. Hall from the ranks of the editorial fraternity of Minnesota will be keenly felt by every newspaper man in the state. His acquaintance was state-wide and probably no man within its borders had a wider personal acquaintance, not only among the newspaper fraternity but public men in general. Sickness or absence from the state were the only excuses ever offered by him for absence from the annual editorial meetings since the state association was organized, and "Old Hall" will be missed from the future assemblages for his wit and wisdom were the life of many a meeting that would otherwise have been a dull affair without his presence.

IN MUNICIPAL COURT

Judge Albright Kept Busy All Day Today on State Cases—Three were Up for Hearing

To lay was Judge Albright's busy day in municipal court. A drunk was assessed ten dollars this morning which was paid. Frank Walker was in court this morning on a warrant sworn out by W. W. Winters charging him with refusing to assist an officer in making an arrest. The hearing was set for 2 o'clock this afternoon, but the hearing of C. H. Turner, arrested Monday on the charge of obstructing the highway, was still dragging along this afternoon and at 2:30 there was no sign that it was any nearer the close than in the morning. It seems to be the outcome of a neighborhood row and the result is hard to predict. The Walker case will follow it and promises to be interesting.

When an organization like The Salvation Army goes in for a Week of Self-Denial and Prayer it appears at first blush rather like gilding refined gold or painting the lily. But a second thought explains the matter. To Salvationists every week is one of self-denial and of heartiest supplication on behalf of those among whom The Army labors; but to the world in general it is necessary to make stated and specific appeals. If The Army's work is to be kept up it is certain that funds must be had, and it is from the people that these must be looked for. It seems a very natural thing, then, that during its approaching Self-Denial Week, April 14th to 21st, The Army should look to its friends for generous assistance.

Peasant Disorders in Russia.

Ninzhni-Novgorod, Russia, April 11. —Peasant disorders have broken out in Makariev. The district chief, who attempted to prevent the peasants from cutting trees in private forests, was badly wounded and his escort was driven off.

GRAFT INVESTIGATION.

Deals With Alleged Ballot Box Stuffing by Hearst's Agents.

San Francisco, April 11.—Inquiry by the grand jury into the alleged ballot box stuffing by agents of William R. Hearst and into the telephone franchise corruption and a decision by the state supreme court increasing the personal liberty of Abraham Ruef were the net results of Wednesday's procedure in the municipal "graft" investigation. The grand jury took up the charge recently published in an afternoon paper to the effect that Edward Graney, a prize fight promoter and ward politician, had confessed to Special Agent Burns that he had in August, 1904, caused primary ballot boxes to be stuffed at an expense of \$600 furnished by J. P. Barrett and at the order of Barrett, news editor of the San Francisco Examiner. A number of witnesses who were summoned denied unequivocally the charges comprised in Graney's alleged confession or any knowledge bearing upon them.

The first victory of consequence scored by the defense since Ruef was indicted for extortion was achieved in the supreme court. It came in the form of a partial ruling by that tribunal sitting on banc by which Ruef's prayer for greater personal liberty is granted. The court withheld decision as to that portion of Ruef's habeas corpus petition which denies the legal right of a court to clothe an elisor with custodian powers. This leaves the main contention yet undecided.

Kalamazoo Strike Ended.

Kalamazoo, Mich., April 10.—The striking street car men have accepted the company's proposition conceding all the men's demands except recognition of the union, thus terminating the strike which has demoralized traffic since last Wednesday.

President Roosevelt will be unable to comply with the invitation of the general memorial committee of the Grand Army to speak at Indianapolis May 30.

IN HANDS OF THE JURY

Fate of Harry Kendall Thaw Under Consideration.

DISAGREEMENT IS PROBABLE

Jurymen Appear to Be Unable to Agree Upon a Verdict—Jerome Mercilessly Scores Thaw and His Wife in His Closing Address.

New York, April 11.—Charged with the responsibility of deciding the fate of Harry Kendall Thaw, the jury which since Jan. 23 has been sitting in judgment on the young slayer of Stanford White, retired at 5:17 p. m. Wednesday to begin the consideration of their verdict. Six hours later they had failed to report an agreement and shortly after 11 p. m. were locked up for the night in the juryroom of the criminal court's building. Justice Fitzgerald became convinced at that hour that the chances of receiving a verdict last night were too remote to warrant his remaining up any later. Earlier in the evening he had gone to his club up town and had held an automobile in readiness for a fast trip to the courthouse should he be needed. The instructions regarding the locking up of the jury were given by telephone. It was said that when Justice Fitzgerald's message was received the officers on duty put the matter up to the jurors themselves, asking if there was any possibility of their arriving at a verdict within the next few hours. The reply from the juryroom was strongly negative. The jury was said to be almost hopelessly divided and none of those connected with the case would venture the hope of anything better than a disagreement as the climax of the long drawn out trial.

Thaw in the Prisoner's Pen.

Harry Thaw sat in the prisoner's pen adjoining the deserted courtroom during the long hours of the jury's deliberations. By his side was his wife and counsel, who remained with him until all hope of a verdict last night was abandoned. During the early evening all of the Thaw family were with the prisoner, but about 10 o'clock they went to their hotel.

Thaw, who was much depressed at the close of District Attorney Jerome's impassioned attack upon him as a "cover-up, brutal murderer—a rich filicide who always had had his own way and fell into the clutches of the law," seemed more morose and more reluctant to wend his way back over the dimly lighted bridge of death to his cell in the Tombs—to say good night to his wife.

The disagreement of the jury is the most unfavorable outcome that Thaw has anticipated. His family and counsel were much alarmed, however, lest the jury under Justice Fitzgerald's charge might find a verdict of some less crime than murder in the first degree. The prisoner did not share this gloomy outlook and laughed and joked to dispel the serious looks upon the faces of his mother and wife.

Justice Fitzgerald is not expected at the courthouse today until the usual hour for court to convene. If the jury should earlier notify him of an agreement, he might consent to come down earlier, but this is not considered at all likely.

The general public, which stormed the doors of the courthouse by hundreds during the closing hours of District Attorney Jerome's speech, quickly reached the conclusion that a verdict would not be possible last night and dispersed soon after the jury had retired.

Trying Ordeal for Thaw.

In the life of Harry Thaw Wednesday will go down as the most trying he has ever experienced. From the opening of the trial until the jury retired, the fate of the young man was in the hands of the jury. Beginning with District Attorney Jerome's final argument and throughout the judge's charge, Thaw had to listen to a searing attack upon his character and to a narrative drawn from the evidence, which was meant to strip his deeds of the halo of chivalric glory which his own attorneys had thrown about them.

The judge's charge, lasting an hour, was a concise outline of the law and gave to the jury the alternative of rendering any one of the following four verdicts—murder in the first degree, murder in the second degree, manslaughter in the first degree, or not guilty on the ground of insanity.

The statute governing the plea of insanity was defined clearly, much stress being laid on the fact that an irresistible impulse to kill had no place in the law.

The judge also informed the jury that an illusion, unless the illusion if true might result in the injury of the man suffering it, could not be accepted as an excuse. Altogether the charge, while consisting principally of a complete explanation of the law, was considered by those who have followed the trial as adverse to the defendant. The attorneys for the defendant took exceptions because the judge had failed to include any of their prayers. Thaw was much depressed by the judge's words and could not suppress his feelings. He left the courtroom dejected.

Under the statutes of New York, murder in the first degree is punishable with death, murder in the second degree by imprisonment for life, and manslaughter in the first degree by

imprisonment not to exceed twenty years. In case of acquittal on the ground of insanity the disposition of the prisoner rests with the court. Thaw has already been declared sane by the report of a commission, which Justice Fitzgerald has approved and confirmed.

The district attorney's summing up was a comprehensive and forceful review of the evidence. He declared at the outset that romance and sentiment did not enter into the issue; it was not a question of Stanford White's character or Evelyn Thaw's sufferings; it was a plain, matter of fact homicide.

"A common, cowardly, tenderloin murder," he termed it. The novel plea of "dementia Americana" made by Attorney Delmas was repeatedly referred to in tones of sarcasm.

Mr. Jerome dealt mercilessly with Evelyn Thaw, to whom he referred as the "angel child," and to Thaw, whom he termed alternately, "St. George," and Sir Galahad.

After the case had been given to the jury Mr. Jerome's attention was called to the nervous state of the defendant. Discussing the situation with friends, the district attorney said:

"The poor fellow thought the judge would simply tell the jury to let this St. George, this Sir Galahad business go, and that's all there would be to it. Now I understand he is sitting in his cell all in a mess, his head bowed, worrying about the outcome. I'm sorry for him, but more so for his mother."

IN BOILER EXPLOSIONS.

Four Men Meet Death on the Southern Pacific Road.

Bakersfield, Cal., April 11.—The boiler of a Southern Pacific freight engine blew up near tunnel No. 2 on Tehachapi mountain, instantly killing Engineer Machin and Fireman Caughan. A passenger engine on the same road blew up while leaving the roundhouse at Mojave. Acting Hostler Earnest and Helper D. S. Shea were killed.

ELEVEN BURNED TO DEATH

Over Thirty Other Persons Injured in Train Wreck.

Winnipeg, April 11.—Eleven persons, eight adults and three children, were burned to death in a wreck on the Canadian Pacific railroad at Chapleau. From thirty to forty persons were injured, some of them fatally.

GRAND DUKES IN PERIL.

Another Attempt on Lives of Russian Noblemen.

St. Petersburg, April 11.—It is announced that another attempt on the life of Grand Duke Nicholas Nikolaievitch, president of the council of national defense and a second cousin of Emperor Nicholas, has been frustrated.

The grand duke, accompanied by his brother, Peter Nikolaievitch, was returning from Tsarskoe-Selo by train at 2 o'clock Wednesday morning. When the train reached Kuzmino, thirteen miles from St. Petersburg, it was brought to a sudden stop by a fusillade of shots from the track side. A sentry was interrogated and said he had seen four men hiding behind an embankment and evidently awaiting the coming of the train. He at once began shooting. The men escaped uninjured.

Every foot of the remainder of the track into St. Petersburg was carefully searched before the two grand dukes ventured to complete their journey.

WIRE-TAPPING ALLEGED.

Sensation in Chamber of Commerce Suit at Minneapolis.

Minneapolis, April 11.—Sensations crowded each other in the hearing of the suit of the Chamber of Commerce against the Superior, Wis., Board of Trade. Attorney Mercer's questions clearly indicated that the chamber has evidence of wire-tapping and Mr. Mercer even went so far as to mention the name of the company occupying them and to locate the offices where it is alleged the wire-tapping occurred.

During the hearing reference has often been made to a private telephone wire of the Tri-State Telephone company, running from the Superior Board of Trade to office 544 Edincoit building, St. Paul. Many telephone company employees have testified as to its location and the date of its installation.

Roosevelt to Open Fair.

Washington, April 11.—President Roosevelt has promised to press a button at the White House that will formally open the Masonic fair to be held here during the next two weeks beginning Monday night. He will present a large autograph photograph of himself to be disposed of for the benefit of the new temple fund.

Hundreds Sent to Siberia.

St. Petersburg, April 11.—A train bearing 340 political exiles has left here for Siberia. This is the largest consignment of political prisoners sent to the Far East for several months, and is a result of efforts to clear the prisons in view of the expected raising of martial law.

End of Strike Is Near.

Hamburg, April 11.—The harbor traffic union has entered into negotiations with the striking longshoremen. A conciliatory spirit was shown, and the end of the strike is believed near.

FAVORS THIRD TERM

Atlanta Editor Wants Bryan to Nominate Roosevelt.

DOES NOT APPROVE OF PLAN

Nebraskan Says That as at Present Advised He Will Not Present President Roosevelt's Name to the National Democratic Convention.

Chattanooga, Tenn., April 11.—Unusual features were developed at the banquet in honor of W. J. Bryan, when John Temple Graves of Atlanta made a speech in which he declared that Mr. Bryan should nominate Theodore Roosevelt for the presidency.

Senator J. B. Frazier responded to this address, declaring that the Democrats could not afford to take such action, and Mr. Bryan then spoke at considerable extent, arraigning the Republican party, though he declared that Mr. Roosevelt had adopted many Democratic principles.

In beginning his address Mr. Bryan complimented Mr. Graves in the highest manner for his honesty and his boldness, and said that if there were any place in the world where absolute freedom of speech should prevail it ought to be in a Democratic gathering. He added that when he had heard that Mr. Graves had retired from the hall because there might be doubts about the wisdom of what he had to say, he had sent for the Georgian to return and insisted that the speech should be delivered. Turning directly to the subject of Mr. Graves' recommendation, Mr. Bryan said:

"As at present advised I shall not present the name of Theodore Roosevelt to the national Democratic convention. Bear in mind, I say 'as at present advised.'"

Mr. Bryan asserted that if after mature reflection he should consider that his duty lay in that direction, he would present Mr. Roosevelt's name. If it should prove the last act of his life, he then went on to say that if any Republican were to be selected by the Democrats to head their national ticket, the man should be Senator La Follette of Wisconsin. Mr. Bryan then proceeded with his speech, presenting reasons why, in his opinion, President Roosevelt was not the proper man for the presidency.

DEFENDS HIS RECORD.

Senator Foraker Delivers an Address at Canton, O.

Canton, O., April 11.—In the presence of 1,200 persons Senator Joseph B. Foraker at the Auditorium delivered an address in which he defended his record in the senate and declared his willingness to abide by their decision in the future. The occasion of the address was the annual banquet of the Canton Board of Trade. Senator Foraker was down on the programme to deliver an address on "Civic Pride," but his speech was largely directed to a declaration that he means to always do his best in his own way.

He was received with much enthusiasm as he stepped forward to speak.

ROAD GRANTED REBATES.

Chicago, St. Paul, Minneapolis and Omaha Railroad Found Guilty.

Minneapolis, April 11.—We, the jury, sitting in the case of the United States government against the Chicago, St. Paul, Minneapolis and Omaha railroad, charged with granting rebates, do hereby find the corporation guilty as charged in the indictment, as well as H. M. Pearce, acting freight agent of the same road. Not guilty of charges placed against them, in the cases of E. B. Ober and F. C. Gifford.

Such were the findings of the twelve men who returned their verdict after being out but four hours, on the first and one of the most important of the railroad rebate cases in which indictments have been returned by the grand jury.

The cases will be appealed to the supreme court.

FIFTEEN PERSONS PERISHED

Disastrous Fire in an Apartment House in Lisbon.

Lisbon, Portugal, April 11.—A fire broke out in an apartment house near the central market occupied by eighteen families. Fifteen persons lost their lives. Most of the bodies were terribly charred, and found only after a difficult search. Several firemen were burned while looking for bodies. Among the corpses were those of a mother with her two children clasped in her arms.

The police have arrested three persons on suspicion of having started the fire. It is said that several tenants of the house recently took out insurance policies for sums largely in excess of the value of their goods. King Carlos and the queen of Portugal visited the scene.

Lake Steamer Sunk by Ice.

Charlevoix, Mich., April 11.—The steamer N. J. Nessen of Manistee was cut through by ice and sank in two minutes in South Arm lake while bound from East Jordan to Chicago with a load of lumber owned by the East Jordan Lumber company. No fatalities reported. The Nessen was 127 feet long and valued at \$20,000.

TO END THE STRIKE.

Negotiations Are Being Conducted at Lorain, O.

Cleveland, April 9.—A settlement of the strike of the American Shipbuilding company seemed imminent following a session of the strike leaders at Lorain, O. Secretary Bishop of the state board of arbitration was present and will remain with the committee of union officials until a definite settlement is reached.

The delegation conferred with Superintendent Lamarche of the American Shipbuilding company and received assurances that the company is ready to meet the men for a discussion of their grievances any time before Wednesday. After that it is expected by the company enough skilled workmen will be available to conduct the plant with sufficient force to turn out the repair work now waiting in the yards. That the efforts to promote peace have already been effectual is shown from the fact that 300 strikers approached the ship yards to report for work. All but eighty were turned back by other strikers who persuaded them to remain away.

The boilermakers contended in the meeting that inasmuch as the strike affects other plants on the Great Lakes, state arbitration is not consistent with the law. The American Shipbuilding company, therefore, has been asked to treat with the unions in all the yards through the officers of the union. This the company has refused to do. Negotiations will be continued.

The Lorain company of militia is still on duty, though further violence is not expected.

ROBBERS ESCAPE.

Seriously Wound Officer Who Had Captured Them.

Joplin, Mo., April 9.—N. D. Hildman, night operator in the Frisco station at Quapaw, I. T., southwest of Joplin, was attacked by robbers and bound, gagged and robbed of all he possessed. At Baxter, Kan., the robbers were captured by Marshal Black but escaped after shooting the officer through the hand and in the body. Black's condition is serious.

Frederick B. Sibley Dead.

Detroit, April 9.—Frederick B. Sibley, a prominent Detroit capitalist, is dead, aged eighty-three years. In his youth he was an Indian trader in Northern Michigan, Wisconsin and Minnesota. His brother Henry Hastings Sibley was the first governor of Minnesota.

Heavy Snow in Wisconsin.

Grand Rapids, Wis., April 9.—Nearly a foot of snow covers the ground from Sunday's blizzard. Much anxiety is entertained as to high water, as the Wisconsin river at this point is already near the danger mark.

Bomb Injures Four Persons.

Barcelona, Spain, April 9.—A bomb exploded here in a house in Boqueria street. Four persons were wounded.

TELEGRAPHIC BREVITIES.

Twelve inches of snow has fallen at Tomahawk, Wis.

George Benedict, editor-in-chief of the Burlington (Vt.) Free Press, died Monday at Camden, N. C.

Ex-Mayor A. H. Weir of Lincoln, Neb., died of heart failure in the automobile of a friend Monday.

The interstate commerce commission has held that express companies cannot give rebates to railroad officials.

James Bryce, the British ambassador, has returned to Washington from a fortnight's trip to Ottawa and Chicago.

A terrific snowstorm is raging in Montreal, Can., and vicinity for the first time at this season of the year since 1887.

TO APPEAR IN COURT

E. H. Harriman Will Be Forced to Answer Questions.

HIS UNION PACIFIC DEALS

Interstate Commerce Commission Desires to Have More Light on Transactions of Financier—Special Counsel Preparing Case for Submission.

Washington, April 10.—According to a decision reached by the interstate commerce commission E. H. Harriman will be made to appear in a United States circuit court in the state of New York in answer to proceedings to be instituted to compel him to answer certain questions which he refused to answer when he was on the stand at the recent hearing by the commission in New York. Numerous conferences have been held on the subject by the members of the commission in anticipation of this action, which will be brought as soon as Messrs. Kellogg and Severance, special counsel, can prepare the case for submission to the court.

The hearing before which Mr. Harriman appeared was held in the latter part of February and it was in connection with certain transactions of the Union Pacific that Mr. Harriman, on advice of counsel, refused to answer the questions put to him. It was brought out in the testimony that the Union Pacific owned a large amount of Southern Pacific stock. Mr. Harriman was asked whether any, and if so, how much of that stock belonged to himself, when he bought it and what price he paid for it, but he declined to answer.

Another question which he refused to answer and upon which the commission desires light, was whether or not any of the directors of the Union Pacific were interested in the sale of certain shares of stock of the New York Central railroad at the time they were sold to the Union Pacific.

STANDARD OIL CASE.

Arguments May Be Heard by Federal Court in St. Paul.

St. Louis, April 10.—The answer of the Standard Oil company of New Jersey, John D. Rockefeller, Henry H. Rogers and other individual defendants and about forty of the defendant corporations to the government's ouster suit has been filed in the United States circuit court for the Eastern division of the Eastern district of Missouri.

The answer was filed by counsel, Judge H. S. Priest of St. Louis, and comprises a general denial of all the charges in the bill filed by the government and denying each paragraph in the bill in its order. With the denial exceptions were filed to all other parts of the government's bill, comprising thirty-seven exceptions, on the grounds of irrelevancy.

The denial and bill of exceptions were filed with James R. Gray, clerk of the court, which is not in session at this time. It is stated the first matter to be taken up before the court will be the hearing of the arguments on the bill of exceptions. These arguments will be heard before the four judges, Judges Sanborn, Hook, Adams and Vandeventer, sitting together. The time for the hearing has not been set, but the next term of the court will be held in St. Paul in May and it is considered possible the hearing may come before the court in St. Paul.

ODD CUSTOMS.

Every house must be decked with flowers on New Year's day in Japan.

In Buenos Ayres the police alone have the right of whistling on the streets. Any other person whistling is at once arrested.

In Ashanti many families are forbidden the use of certain meats. In like manner others are forbidden to wear clothes of a certain color.

If a carriage upsets or injures another carriage in the streets of St. Petersburg or if a person is knocked down, the horses of the offending vehicle are seized and confiscated to the use of the fire brigade.

It is the practice of the Ashantees and Fantees to bury one-third of the property of a dead man, converted into gold dust, under his head, and rifling the grave of an enemy is considered the proper action for a warrior.

Clapping the hands in various ways is the polite method in central Africa of saying "Allow me," "I beg pardon," "Permit me to pass" and "Thanks." It is resorted to in respectful introduction and leave taking.

Doves and Religion.

"One thing I remarked and think worthy of notice is that ever since Noah's dove every religion seems to consider the pigeon as a sacred bird. For example, every mosque swarms with pigeons, and the same exists in most Italian market places. The Hindoo pundits and the old Assyrian empire also have them, while Catholics make it the emblem of the Holy Ghost."

Lady Burton in her account of the Mohammedan mystery play of "Hassan and Hossein" says:

"Then comes the bier with Hossein's corpse and his son sitting upon it, sorrowing and embracing him and a beautiful white dove in the corner whose wings are dabbled with blood. The effect upon the excited crowd is awful."—Life of Sir Richard F. Burton.

Where He Worshipped.

As the new minister of the village was on his way to evening service he met a rising young man of the place whom he was anxious to have become an active member of the church.

"Good evening, my young friend," he said solemnly. "Do you ever attend a place of worship?"

"Yes, indeed, sir, regularly every Sunday night," replied the young fellow, with a smile. "I'm on my way to see her now."—Ladies' Home Journal.

FIRE IN AN ACADEMY.

Compels Students to Jump From the Windows.

Exeter, N. H., April 10.—Dunbar Hall, the only wooden dormitory at Phillips-Exeter academy, was destroyed by fire early today and thirty-five students were compelled to jump from the second-story windows. The loss is \$50,000.

Lawrence M. Crosby, an instructor, asleep on the fourth floor, was severely burned. A number of boys were awakened by smoke pouring into their rooms and when they ran into the hallways they found the fire burning with great fury in the rear of the building. They roused the other occupants and then made their escape.

Long Contest Ended.

Washington, April 10.—President Roosevelt has appointed Oscar P. Hundley of Huntsville, Ala., to be a United States district judge for the Northern district of Alabama. The president's action ends a long contest for this office, for which there were a number of applicants, both Republicans and Democrats.

Going Out of Business--Closing Out

FURNITURE, HARDWARE, HOUSEHOLD GOODS, SPORTING GOODS, ETC.
AT WHOLESALE PRICES AND LESS.

W

HY IS HOFFMAN CLOSING OUT HIS STORE? That is the question that is frequently asked, but as yet does not seem to be answered to the full satisfaction of the doubting public. Some of our citizens have intimated that they did not believe Hoffman really meant to close out his business entirely, but these citizens, after visiting the store and investigating the prices they are offering the stock at, are well satisfied that this is a genuine closing out sale. But still they wonder why, they wonder why.

NOW THIS IS THE ANSWER—They want the public to know it, for it concerns the public. Mr. Hoffman is going to establish a Turpentine Producing Plant in Crow Wing county, a plant to manufacture turpentine from pine stumps. A plant similar to the one that has been running so successfully near Hinckley for a number of years. This is no new idea with him. He has been working to this end for the past two years, as is well known by some of our leading citizens; for a verification of this fact he refers you to Rev. Father Lynch, Hon. Werner Hemstead, G. D. LaBar, F. A. Farrar, Con. O'Brien, R. J. Hartley, and John L. Morrison, of Duluth, and others who have helped and encouraged him in his investigations along these lines, for they know that a turpentine plant in this county would probably help out our residents at large as much as any one industry that could be established. Mr. Hoffman has been advertising his stock for sale in bulk for the past year to some one who would rent his building, but could not make the sale, so now he has adopted the only method left him, that is, to close out at retail. An immediate closing out of this stock makes it possible to establish the Turpentine industry in this county, for it will be a benefit to every one, as all manufacturing plants employing labor always are. As to prices—This stock is being sold at wholesale or less and any price or prices made by mail order houses will be met and you save the freight. You are especially invited to bring your mail order catalogues with you for comparison of prices.

THAW JURY ASKS FOR INFORMATION

SPECIAL TO THE DAILY DISPATCH:

New York, April 11.—After deliberating over eighteen hours without being able to reach an agreement the jury, in whose hands the fate of Harry K. Thaw was given at seventeen minutes past five Wednesday afternoon reported before Justice Fitzgerald at 11 a. m. today and asked permission to examine the large number of exhibits introduced during the trial and also asked to have read to them the testimony of several eye witnesses to the tragedy. The jury's action is taken to indicate that there is still a possibility of a verdict being reached, though not soon, as it will take considerable time to examine the exhibits which were called for.

"Pneumonia's Deadly Work" had so seriously affected my right lung," writes Mrs. Fannie Canoor, of Rural Route 1, Georgetown, Tenn., "that I coughed continuously night and day and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only real cough cure and restorer of weak, sore lungs." When all remedies utterly fail, you may still win in the battle against lung and throat troubles with New Discovery, the real cure. Guaranteed by H. P. TO COMMENCE WORK

D. L. Libby and a Crew of Men Arrived This Afternoon to Commence Work on New Shop Buildings

That the work on the new shop buildings will commence at once, was evidenced today noon by the arrival of a crew of men who stated that they had been sent here to work on the buildings. D. L. Libby, of Minneapolis, also arrived on that train. He carried blue prints and he is said to be one of the firm who has the contracts for the buildings. The bunch of laboring men who came up were looking for a man named Nelson, whom they said had one of the subcontracts.

HELD CONFERENCE

German Lutheran Churches of Park Region Conference Held Meeting in Brainerd

A successful conference of the German Lutheran churches of what is known as the Park Region conference was held in Brainerd, closing today noon. The proceedings were had in the German language and the delegates came and went so quietly that there were very few in the city, outside that particular church, who knew of the gathering. There were about thirty clergymen and laymen present. The confessional sermon was preached by F. H. Ahrens, of Bertha, and the occasional sermon by Rev. C. H. Fark, of St. Cloud. The sessions were devoted to the consideration of various matters of church work, theology, discipline, etc.

A Card of Thanks

At the regular monthly business meeting of the W. C. T. U., held at the home of Mrs. J. C. Congdon Tuesday April 9th, 1907, a vote of thanks was extended to the Ministerial association, County Attorney Warner and to all who signed the petition for the enforcement of the state laws in regard to closing saloons daily at 11 o'clock p. m. and that they remain closed on Sundays and to prohibit the sale of liquors to drunkards and minors.

We believe their efforts have been crowned with success, therefore we extend to them the unanimous vote of thanks of the W. C. T. U.

NEW PRESIDENT TOOK THE CHAIR

Annual Meeting of the Commercial Club Held Wednesday Night at Club Rooms

NEW COMMITTEES NAMED

Club Recommended Change in Lease to G. A. McKinley and did Other Business

The Commercial Club met in regular session at its rooms Wednesday evening. After hearing the reports of the secretary and other officers of the club President R. R. Wise after thanking the members of the club for the hearty support given him in the past year, called Dr. Werner Hemstead the president elect to the chair. Mr. Hemstead thanked the club and the directors briefly for the honor bestowed upon him and asked their co-operation and assistance in furthering the work of the club.

When President Wise called the club to order the minutes of the last regular and intervening meetings were read, after which the annual report of the secretary was received and read. It showed the club in much better financial condition than for some time, showing that they were practically square with the board and had about \$1,100 worth of furniture, etc., all paid for. There was also a balance of some \$67 in the treasury.

The report of the special committee on the Girl's Industrial school reported that they had drawn and forwarded to the legislators from this district resolutions covering the wishes of the club in the matter.

Dr. Hemstead was here called to the chair and read the list of committee appointments for the coming year. The committees will be as follows:

Finance—Dr. W. Courtney, M. McFadden, J. W. Koop.
City—A. D. Polk, R. J. Hartley, H. Ribbell.

School—M. J. Ryan, J. C. Congdon, L. J. Cale, J. A. Erickson, J. A. Wilson.
County—R. R. Wise, H. H. Baker, H. P. Dunn, G. A. Keene, C. B. White.
Legislative—M. T. Dunn, C. O'Brien, N. H. Ingersoll, R. R. Wise, S. F. Alderman, G. W. Holland.

House and Entertainment—F. A. Farrar, F. S. Parker, E. O. Webb, C. M. Patek, H. L. Jones.

Taxes and Assessment—W. D. McKay, C. D. Johnson, S. F. Alderman, J. Cullen.

Membership—F. A. Farrar, A. L. Hoffman, H. W. Linnemann.

Insurance and Fire Protection—I. U. White, J. C. Jamieson, Dr. J. A. Thabes, J. T. Sanborn, Geo. Forsythe.

Manufacturing—C. O'Brien, J. P. Anderson, F. H. Gruenhagen, C. H. Paine, A. A. Armstrong, O. P. Erickson, Dr. A. F. Groves, D. K. Fullerton.

Wholesale and Retail Trade—W. H. Cleary, J. T. Imgrund, W. F. Holst, E. C. Bane, M. Mahlum.

Public Affairs—R. R. Wise, Henry I. Cohen, Fred Drexler, A. J. Halsted, P. M. Zakariassen.

Advertising—H. F. Michael, G. A. Keene, F. W. Wieland.

River and Navigation—Dr. J. L. Camp, C. N. Parker, Thos. H. Beare, G. H. Brown, R. P. Blake.

Railways—Geo. D. LaBar, N. H. Ingersoll, C. O'Brien, S. F. Alderman, R. R. Wise.

Public Improvements—Ed. Crust, M. J. Reilly, W. Wood, W. A. M. Johnston, A. G. Tommald, Dr. R. A. Beise.

Good Roads and Drainage—J. M. Elder, C. O'Brien, John Carlson, C. E. Peabody, Dr. O. T. Batcheller, S. R. Adair, J. T. Sanborn.

A. T. Larson, of the special committee on grain growing contests in the Crow Wing county schools, reported that the awards, etc., had all been paid and that there was still \$42 in the hands of the committee. The committee was instructed to turn the money over to the treasurer of the club to be maintained as a separate fund for the furtherance of future contests.

A communication from State Auditor Iverson concerning the coming state land sale in Brainerd and asking the co-operation of the club in advertising the sale, was referred to the advertising committee. Mr. Michael, chairman of that committee, asked what amount the committee could have to advertise the sale and the matter went over until the next meeting that this might be considered.

A letter was received from A. G. Anderson, of the Shippers and Receivers association, asking financial assistance in the fight for reduced freight, passenger and express rates. The letter was referred to the legislative committee and finance committees jointly.

The secretary stated under unfinished business that Dr. Walter Courtney had at last meeting announced his intention of presenting an amendment to the by-laws regarding the payment of dues, but that gentleman was not present and the matter went over till next meeting.

Under the head of new business Con. O'Brien introduced Jay Henry Long, of Mankato. Mr. Long and Mr. Hare, a Mankato banker, have associated themselves with Geo. A. McKinley in the

cedar and lumber business. Mr. Long stated to the club that the lease under which Mr. McKinley held the land belonging to the city, provided for the cutting of cedar and no other wood and that as the members of the firm had 12,000 acres of land of their own on which there was hard wood, spruce and tamarack which they must cut at the same time as the cedar, they wished to have the lease changed so as to permit the sawing of other kinds of timber. They were willing, he stated to pay instead of the \$1 per year, say \$50 per year for the use of the ground with that change in the lease. He stated further, that if they got this permission they would employ 75 to 100 men at the mill and yard for practically the entire year. He also pointed out that the mill and all other personal property would add to the tax roll of Brainerd.

Aldermen Farrar and Drexler and Mayor Wise were called upon for expressions of opinion in the matter and all urged the advisability of granting the requested change. Mr. Wise stated that the question of the mill possibly entering into competition with any existing industry should not be considered. He was selling wood, but if the cedar yard could put mill wood onto the market cheaper than he could, so much better for the citizens and he would say let them come. A resolution asking the council to make the requested change in the lease was presented and its adoption moved by Con. O'Brien. It was seconded by several members and unanimously adopted, and the manufacturing committee was requested to take the matter up with the council.

J. M. Elder called the attention of the club to a bill that had passed the state senate appropriating \$200,000 for good roads, but taking it out of the hands of the highway commission and placing it with the county commissioners. He stated that without wishing to reflect on the county commissioners, he believed it to be a great mistake. The highway commission had done much considering that the money would be more wisely spent by them than by the county commissioners. The good roads committee was instructed to take immediate action to ask our representatives to work against the bill and if possible prevent its becoming a law in its present form.

The meeting then adjourned.

RAILROAD NEWS

Items of Interest Regarding Railroads and Railroad Employees

NORTHWEST CANADA TIED UP

St. Paul Dispatch:—Traffic conditions on the Canadian Northern railway are reported in worse shape than they have been on any Western road this year. Although only scanty reports are received in St. Paul telling of the present state of affairs, there is enough information to show that the line is completely tied up in the west.

All freight offices have had notices of the embargo on shipments west of Kamassack, and passenger travel is limited to the same point.

The present tie-up has been caused by the terrific blizzards which have been sweeping over Western Canada, piling up drifts in all corners and leaving the railroad officials helpless. It has been reported that from 1,200 to 1,500 cars have been tied up between Emerson and St. Vincent. Most of the cars are loaded with immigrants who passed through St. Paul last week en route for their new homes in the west. Cars of immigrants and cattle are tied up by the hundreds at all terminal points and it is said that the suffering at times has been intense.

The Great Northern railway has been supplying the sufferers with provisions for their cattle and for themselves, and is doing everything possible to help the Canadian Northern get on its feet.

The blockade in the north is beginning to affect all other lines. At the Minnesota Transfer and at other terminal points, cars have been delayed so that the congestion is hindering all roads.

FEWER OFFICES

Council Bluffs, Iowa, April 9.—In preparation for the nine-hour law, the Chicago & Northwestern railroad is closing scores of its smaller offices throughout Iowa. Twenty offices on the Galena division alone have been discontinued within one week, and many others will be closed this spring.

The railroads are unable to secure telegraph operators sufficient to manage the offices, now that this class of men can work nine hours. The operators are being moved to the larger offices, where it is necessary to have three men instead of two, as formerly. In this way expenses are kept down, the law is adhered to, and the larger offices handle the work formerly distributed among the many smaller ones.

The DISPATCH will be delivered at your door for 40 cents per month.

Peacocks For Food.

The peacock cannot well be recommended as a market bird—it is too tender in early youth, too slow in reaching maturity. But as a choice rarity, the crown and capes of a country gentleman's feast, it is unapproached and unapproachable. This was well understood throughout the age of chivalry; hence the knightly oath, "By the peacock, the heronshaw and the ladies!" Whoever swore thus was trebly bound to keep his vow. Turkeys had

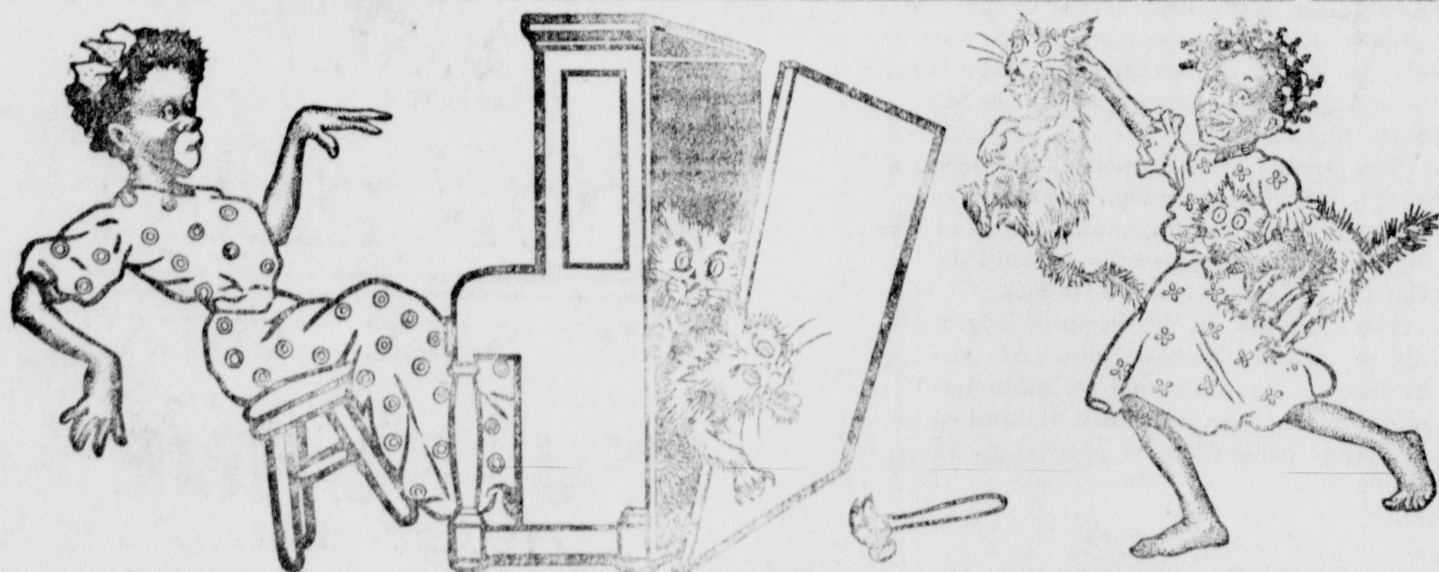

not yet come on, of the same order to conquer a place among the "nobles" birds which alone were held worthy of being served to royalty. The swan and the peacock were the chiefest of them and bore rule even beyond the days of Queen Elizabeth. At the Christmasings the peacock came in in state, the same as the boar's head and the brawn.—Country Life In America.

An Effective Riddle.
On one occasion when he was busy

President Lincoln received a delegation of men who were endeavoring to hurry the passing of some petty bill. When they entered, Lincoln looked up gravely and said:

"If you call the tail of a sheep a leg, how many legs will the sheep have?" "Five," said the spokesman. "No," replied Lincoln, "it would only have four. Calling the tail a leg would not make it one."

The delegation departed in discomfiture.

Costly Fire at Galveston.

Galveston, Tex., April 9.—Fire broke out in a second-hand furniture store between Twenty-fourth and Twenty-fifth streets resulting in a loss of about \$175,000. On account of a high northeast wind the firemen were unable to check the flames until three buildings were totally destroyed.

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed free to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents, and he went to great expense, both in time and money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the names of the ingredients on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret either. This fact puts it in a class all by itself, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowels and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equalled. Sugar-coated and easy to take as candy. One to three a dose.

SEVEN JURORS CHOSEN.

Trial of Abraham Ruef Proceeding Slowly.

San Francisco, April 10.—Four more talesmen were examined in the Ruef trial; two of them were passed into the box as probation jurors.

The number of jurors who have qualified but are yet subject to peremptory challenge was increased to seven, and five more talesmen remain to be examined before the present panel is exhausted and it becomes necessary to draw a fresh panel of 100 or 200 from the regular jury list or order a special venire from the body of the county.

The feature of Tuesday's proceedings was a heated encounter between Special Prosecutor Hiram Johnson and Henry Ach, of counsel for Ruef, and repeated admonitions to Ach by Judge Dunne that his conduct was "most reprehensible."

Right Breathing Cures Catarrh.

Simple Way to Kill Catarrhal Germs in Nose, Throat and Lungs.

If you cut your finger, you don't attempt to heal it by swallowing a pill or a dose of medicine.

It is just as foolish to try and cure catarrh of the nose and throat with pills and stomach dosing, for catarrh is a local disease, and needs special local healing treatment.

The only natural and common sense method known for the cure of catarrhal troubles is Hy-o-mei. It is breathed through an ingenious pocket inhaler, so that its medicated air reaches the most remote air-cells of the nose, throat and lungs, killing all catarrhal germs, soothing the irritated mucous membrane, and restoring a healthy condition.

If you suffer from catarrhal troubles, such as offensive breath, raising of mucus, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, loss of strength, spasmodic coughing, or a feeling of tightness across the upper part of the chest, you should begin to use Hy-o-mei at once. It will destroy all disease germs in the nose, throat and lungs, and provide the blood with additional ozone.

The complete Hy-o-mei outfit with inhaler costs but \$1.00. So strong is H. P. Dunn & Co.'s faith in the power of Hy-o-mei to cure all catarrhal troubles, that with every dollar outfit, they give an ironclad guarantee to refund the money unless the remedy gives satisfaction.
